Symphony of the Seas is the ultimate family vacation with new surprises at every turn. The world's largest cruise ship is designed with the unique seven-neighborhood concept exclusive to the Oasis Class ships, which offers a variety of features and experiences for families to explore together or on their own. The highlights of *Symphony's* unique neighborhoods packed with fun and exciting new adventures include:

Boardwalk

An Oasis Class favorite, the reimagined Boardwalk neighborhood touts fresh energy and swagger with the addition of all-new venues, for the whole family.

- During the day and into the late night, the 1,938-square-foot **Playmakers Sports Bar & Arcade** is where families can cheer on their home team playing on any of the 31 big-screen TVs, as they enjoy American classics like wings, popcorn shrimp, sliders and picture-worthy sundaes along with craft beer and cocktails. Family-favorite tabletop games are perfect pastimes and available for play all day. The indoor and outdoor arcade is packed with more than 20 games, from Ms. Pac-Man and Star Wars: Battle Pod to Ice Skee-ball for those looking for friendly competition.
