## ROYAL CARIBBEAN BEGINS CONSTRUCTION ON FIFTH OASIS CLASS SHIP

**MIAMI, April 24, 2019** – The revolutionary Oasis Class will soon have a new sister, as today [Royal Caribbean International](#) celebrated the steel cutting of a fifth Oasis Class ship, scheduled to be delivered in 2021. The steel cutting, marking the official start of construction, took place at the Chantiers de l’Atlantique shipyard in Saint-Nazaire, France.

The Oasis Class took the cruise industry by storm with the introduction of *Oasis of the Seas* a decade ago and again with the introduction of *Symphony of the Seas* in 2018. The fifth Oasis Class ship will combine the iconic seven-neighborhood concept that her sister ships feature with a bold and unexpected lineup of thrilling experiences, imaginative dining, unparalleled entertainment and the latest technology.

[Royal Caribbean International](#) is the world’s largest global cruise line, delivering innovation at sea for more than 50 years. Each successive class of ships is an architectural marvel featuring the latest technology and guest experiences for today’s adventurous traveler. The cruise line continues to revolutionize vacations with itineraries to more than 260 destinations in 72 countries on six continents, including Royal Caribbean’s highly anticipated Perfect Day Island Collection with the first private island in The Bahamas, Perfect Day at CocoCay. The cruise line has also been voted “Best Cruise Line Overall” for 16 consecutive years in the *Travel Weekly Readers’ Choice Awards*.
